

# Weekly Problem

**DO THIS ACTIVITY LAST.**

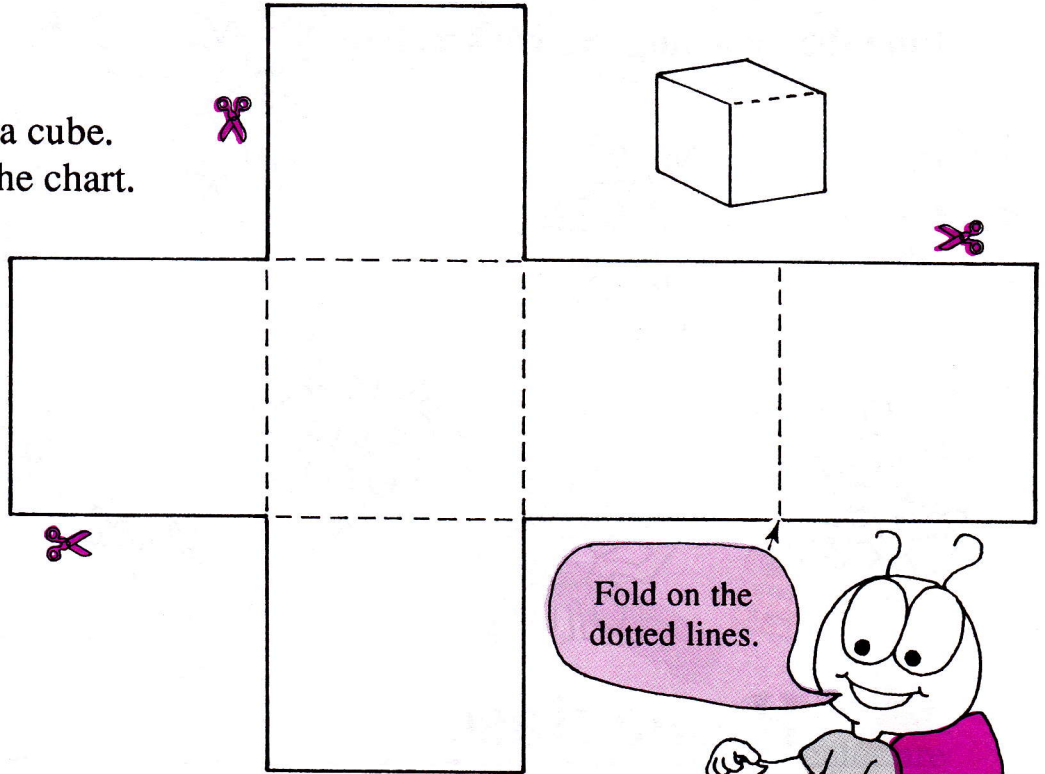

Salt crystals are cubes.

Cut out this pattern.

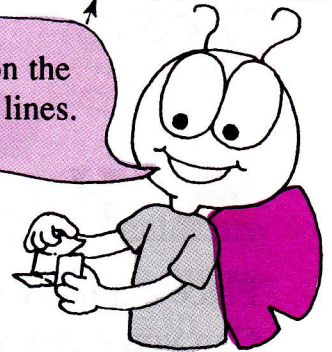

Fold and tape it to make a cube.

Use it to help you fill in the chart.

A cube has how many ... ???	
squares	
edges	
corners	

Fold on the dotted lines.

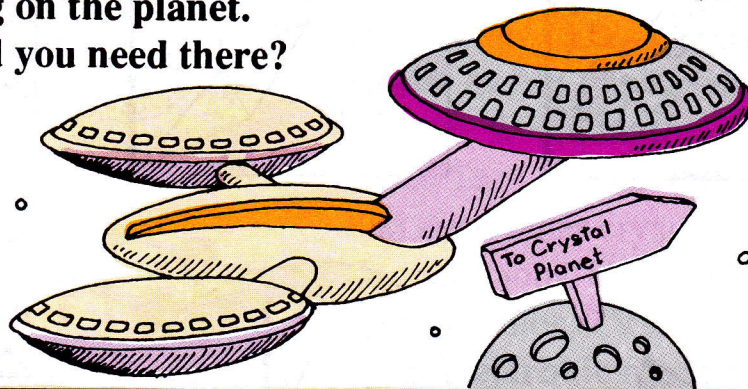

## Writing for Science

You are a crew member on the **Starship Emerald Prize**, the only ship to ever reach the mysterious **Crystal Planet**. Everyone has seen this planet sparkling in the sky. Now you will be one of the first people to see what it's really like!!!

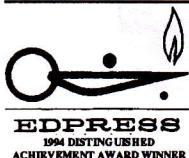

**What does the Crystal Planet look like?**

**Describe your landing on the planet.**

**What special tools did you need there?**

**P.S. Draw a picture of your crew on the Crystal Planet!!**
